MONEY BY-LAWS

MILLING CO'S EXEMPTION DEFEATED.

By-Laws to Raise \$64,300 to be Submitted to the Ratepayers Special Meeting Monday Evening to Consider Milling Co's Exemption.

The city council met last evening. Present, the mayor and Aldermen May, Clark, Fraser and Picard. Ald. Bellamy came in at 10.30.

The meeting was declared open for business at 8.45. The minutes of last meeting were read and adopted.

A communication was read from R. R. Goun of the Pendennis hotel estimating \$148 damages for flooding his cellar. The account was made up as follows:—Damages by flooding, 3 gallons 8, whiskey \$15, 2 gallons Old Tom Gin \$7, 3 gallons brandy \$17.50, 2 1-2 gallons native wine \$2.50, 2 pints champagne \$4.16, bottles labels off \$25, 2 gallons whiskey \$8, 5 dozen Club soda \$15, base also labels off \$9, balance of goods \$20, to clean basement \$25. The matter was referred to the commissioners to report upon at next meeting.

A communication from the fire brigade was read asking that 1200 feet of keystone hose be purchased to keep the supply of hose up to the standard. On motion of Aldermen May and Picard, the commissioners were instructed to purchase up to 1500 feet of hose.

A communication from the board of trade, was read referring to the Western trip of the Railway Commission and suggesting that the question of the Union Station might be taken up with the Commission. On motion, the communication was filed, the opinion being that the council had nothing definite enough to bring before the commission to warrant asking for a meeting here.

Another communication from the board of trade was read asking that contractors be required to keep the sidewalk clear, and have it covered in front of buildings under construction. Ald. Fraser expressed the opinion that it was hardly a reasonable request. Ald. May said contractors did not figure on such demands. Ald. Clark said when we get the cement walks down this matter would regulate itself. On motion of Aldermen May and Fraser the communication was filed.

A petition was received from the Bank of Montreal asking for an 8 ft. cement walk along the west side of their premises for 150 ft. cost to be borne by the petitioners under the by-law, estimated cost \$300. Fraser-Clark—That the petition be granted. Carried. A petition was received for a 6 foot plank sidewalk on the east side of Sixth street from Jasper avenue to Athabasca avenue. The city's share of cost to \$104 estimated cost of the walk \$250. Clark-May—That the petition be granted. Carried. A petition was presented for an 8 foot plank sidewalk on the west side of First street from Pearce avenue to McKenzie avenue. \$20 being the city's share of same, estimated cost of walk \$225. Picard-May—That the petition be granted. Carried.

A number of money by-laws were then taken up and given their first and second readings as follows: By-law No. 23 for the purpose of raising \$5000 on twenty year debentures to pay city's share of the cost of the cement walks on Jasper avenue. By-law No. 24 is for \$30,000, twenty year debentures, for the purchase of land to enlarge and improve the present market. By-law No. 25 is to raise \$15,000 for improvement in the light and power plant and the installation of the series arc system of street lighting, plan to cover a period of twenty years. By-law No. 26 is for the purpose of exempting the Alberta Milling Company from taxation upon its land and buildings for ten years, except for special frontage tax, local benefit tax and school taxes. By-law No. 27 is for the raising of \$5,500, upon ten year debentures, for the erection of an incision hospital. By-law No. 28 is to raise \$2,500 for

NEARING THE END

PUBLIC WORKS ESTIMATES

Australia Reduces the Postage to Canada—Prorogation Expected to Take Place Wednesday.

Ottawa, July 14.—The post office department has been notified that Australia has reduced the postage on letters to Canada from 2-2 to 2 cents per half ounce.

Over four million dollars of supply were passed today. This included all the public works supplementaries. There are only a few items left. Prorogation is expected on Wednesday next. The Senate will divide on the Alberta bill tomorrow.

—Battleford Herald: The steamer Saskatchewan arrived from Edmonton about Sunday noon and left again for Prince Albert on Monday morning. The trip to Edmonton and return was a very eventful one, a number of holes having been made through the bottom by bumping on rocks. Mrs. R. G. Speers, Mrs. Simpson, Mrs. Meredith, and Miss Speers were passengers from Saddle Lake and Mrs. and the Misses Goodfellow returned to Prince Albert from this place.

BABY'S Hot Weather NECESSITIES

We do our part toward keeping baby healthy and comfortable during the summer by supplying the many articles in the way of feeding, nursing, teething and toilet goods which are absolute necessities in the proper care of a baby during trying hot weather.

"The best of the best is none too good for baby" is the rule we observe when purchasing all goods for baby's use.

MORROW'S DRUG STORE.

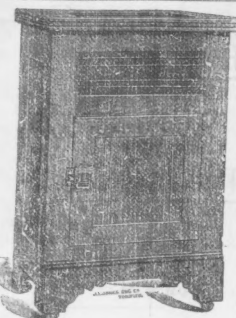

MAKING ONE'S TOILET is a far pleasanter proposition if all the appointments are handsome and convenient. You can have them that way if you say the word. But say it to us.

WE ARE PLUMBERS who make a specialty of good work. We will make your bath or toilet room fit for a king or queen. Sanitary, too; perfectly so. And, as usual, our bill will be so small that you'll doubt our being real plumbers. But we are.

We are sole agents for Sutton Gerni Proof fitter.

EFFECTS OF THE NAVAL WAR

The naval engagements of the present Russo-Japanese war at least may be considered at an end, for while Russia still possesses warships about equal in aggregate tonnage to the fleet of Japan, a large number of these are obsolete vessels, a considerable number are prevented by treaty from leaving the Black Sea and a due regard for home defence would not permit the withdrawal of the remainder from European waters. The net result of the naval war has been the reduction of the Russian fleet to about one half the tonnage at the opening of hostilities, while among the vessels lost are a great majority of the most modern and powerful fighting ships of the czar. Russia has dropped from fourth to seventh place in the list of naval powers and for aggressive purposes cannot at present be considered as possessing any effective fleet.

The Japanese fleet, on the other hand has accomplished the remarkable feat of destroying its own weight of opposing ships and emerges from the war actually 30,000 tons stronger than it entered the conflict. The increase has been due to rapid naval construction and the capture of Russian ships, these factors having exceeded the losses sustained by this amount. The immediate effect has been that Japan has moved up from seventh to sixth place in the list of naval powers. Should, as is very probable, the Russian ships interned in neutral ports be turned over to Japan, as one of the peace conditions, the total tonnage of the Mikado's fleet will be only 16,000 tons less than that of the United States on November 1, last. It is quite probable, too, that a large amount of the indemnity, should such be paid, will be invested in battleships and cruisers, in which case Japan will be in competition with the United States or Germany for fourth or third place on the naval list.

Naturally this alteration in the standing of the Pacific fleets is not without interest to the other powers having possessions on the Asiatic coast. Already many American journals are calling on the Government to pursue an energetic naval construction program for the adequate defence of the Philippines against possible contingencies, while the recent rearrangement of the British fleets leaves a larger fleet available in the western Pacific.

MR. HAULTAIN'S STAND

Premier Haultain is reported as saying at the board of trade banquet at Saskatoon:

"We hope that the new provinces and legislatures will continue to do the work devolving upon them in the same spirit and same way as the old legislature. It was not perfect then but a proper spirit animated it. In those days we sat down and discussed every subject with all earnestness in all seriousness. As a consequence of the feeling among the members, the best men were able to work together without illlogical results. It is most important that at this stage the best men of each proposed province should unite together without regard to division of party."

Mr. Haultain takes his stand in favor of non-partisan government on the ground that the Territorial government has been animated by a proper spirit, has discussed every subject with all earnestness in all seriousness and the results of these discussions were not illogical.

Without for the moment raising the question of the correctness of Mr. Haultain's premise it remains to be shown how or why a "proper spirit" and an earnestness of discussion leading to logical results are impossible or even less likely under a party than a coalition form of government. The history of responsible governments certainly does not lead to this conclusion and there is no good reason to expect that the ordinary course of affairs would be altered in the new provinces. It is at variance with all the experience of popular government to argue as Mr. Haultain does that the proper spirit of earnestness of discussion which leads to logical results flourishes better under a coalition government than in a House sharply divided on questions of

policy and administration. It is now an admitted fact in the older provinces of the Dominion that coalition government is at times unavoidable and under such circumstances tolerable but not desirable. An opposition is admittedly as necessary to progressive and honest administration as a government.

While Mr. Haultain reserves for himself the right to use his prestige as a Premier to further the cause of Conservatism he could hardly expect any future House in which he might have a seat to yield him the "proper spirit" of unquenching allegiance which was given him for half a decade by Western M.L.A.'s regardless of party affiliations. Or should he face that House with the school question propaganda to which he stands pledged by word and act he will not find any lack of "earnestness" in the ensuing discussions or of logic in the results to which these discussions lead.

SOME CURRENT EVENTS.

Spring wheat in the head at Peace River early in July is the final and complete reply to "Macdon's report."

The Mail and Empire heads its criticism of the budget "Heavy Burdens; No Reform." The story used to run "Heavier Burdens; No Surplus."

The chances are that the Japanese indemnity demand will approximate the Japanese estimate of the extent of Russia's borrowing power.

When Americans attend a Canadian celebration, or Canadians participate in an American demonstration, they should leave their flags at home or take their wives along.

According to the Calgary Herald Edmonton is about synonymous with Monte Carlo. According to the same authority Calgary is a fairly good representation of an even less favored place.

There are reasons why the czar could do worse than join the mutineers. He seems to have about the most unsatisfactory job in Russia and the mutineers appear to be about the only enterprising wing of the fleet.

The Mail and Empire can only wait that the budget speech did not solve the "financial problem" or the "industrial issue." So long as Canada's financial problem is what to do with the annual surplus and the only "industrial issue" in sight how the manufacturers of Ontario can fill the orders from the West, the Canadian electorate will lose little sleep pondering the abstract speculations of the Mail and Empire.

The Potemkine is captured! Russia has at last won a naval victory and may now conclude peace with the consoling reflection that her fleet has executed a successful manoeuvre. True, it was not much of a feat to take over the belligerent warship from the friendly neighbors to whom it had surrendered, but it is the first instance on record since February, 1904, of a Russian fleet having taken anything except war supplies at "neutral" ports. Strangely enough Admiral Kruger is the only Russian admiral likely to win distinction during the war and he won it by keeping away from the war. The admiral appears to belong to that fortunate class who have greatness thrust upon them.

Winipeg Telegram: "The Edmonton Bulletin talks fluently of the 'furnished reputation of Mr. Haultain.' Such a remark comes with peculiarly bad grace from the journal owned by a Minister who has signalized his assumption of office by becoming the chief apologist for certain actions of officials in his department such as would land the private citizen in jail."

As Mr. Nixon, who appears to be the gentleman referred to, is in every sense a "private citizen," the Telegram's remarks are off side. A sub-label agent is in no sense a government official and were he so the courts are open for the punishment of crime regardless of the perpetrator.

Victoria Colonist: "The boycotting of United States goods and United States citizens by the Chinese business men of the treaty ports was not done quickly to conciliate the Orientals. At a Cabinet meeting held last week, President Roosevelt and his assistants devoted considerable attention to the question, and as a result the President sent a letter directing the immediate issuance of a circular to all United States diplomats and consular representatives in China, setting forth the policy of the administration in regard to the treatment of citizens of that country by the United States."

To Ladies and Mothers

Mrs. Astley will open in the Dergendoff Block opposite the H. B. Co.'s store on Saturday July 15th. Orders for bridal outfits, housekeepers outfits and every description of plain sewing will be taken and promptly executed on the premises, after July 15th, opening day.

News in Brief

A general strike has been called at Minsk, Russia, in a fight between Cossacks and "others" many were wounded.

Hope of rescuing the entombed miners at Cardiff, Wales, has been abandoned. One hundred and forty-four lives are lost. The victims include the manager of the colliery. Eight bodies have been recovered.

The Toronto City Treasurer has received from the Toronto Railway Company a cheque for \$31,533.48, the city's share of \$23,715.50 received by the company in June. The payment to the city is \$6,846 greater than for June, 1904, and \$17,000 more than for the same month five years ago.

At the National Rifleman Association meeting now in progress, at Bisle, England, Staff Sergeant Kerr, Canada, in the Gregory competition, (seven shots at 200 yards) made the highest possible score, and then made twelve consecutive bullseyes and one inner. Twenty consecutive bullseyes are necessary to beat him.

Further deaths have resulted from the conflicts in Havana, in the Trencher district, between Cuban artillery men and civilians. One captain of artillery was wounded, and his condition is critical. The body of the policeman who died of his wounds inflicted by the artillery men's bullets, is at the police station.

M. Pokotloff, the Russian Minister at Peking, has left for Washington. Prior to his departure he requested the Board of Foreign Affairs to sanction the despatch of a small body of Russian soldiers as an escort to the Dalai Lama to the borders of Tibet. The Chinese replied that an escort was superfluous and refused their consent. Russia is apparently desirous to emphasize the fact that the Lama is under their protection, and it is reported that the Lama is drawing funds from a Russian bank at Kiashta. Minister Pokotloff recently privately interviewed the Lama at Urga and gave him presents. The Lama is still at Urga.

Rather than see his chum, Arnold Lawson, only son of Thomas Lawson, of Boston, killed, Gilbert Johnson, of Denver, sacrificed his own life. This tragedy occurred on Wednesday at the Tom Lawson mine at Vique, Mexico. The manager of the mine was paying some extra men, among whom was Jesus Rocha, who demanded \$3 more. The manager refused, angry words were passed, and the two men were soon engaged in a quarrel. Suddenly the Mexican drew a long knife. Lawson and Johnson ran to the manager's assistance. The Mexican aimed a blow at Rein, but young Lawson pulled the manager out of the way. The Mexican, wild with rage, then tried to stab Lawson, and Johnson attempted to disarm the man. Just as the Mexican's arm was raised to strike, Johnson attempted to catch his wrist, but missed, and the knife was plunged into his breast. Rocha was overpowered and taken away by the angry miners, who, it is said, lynched him. A doctor was called, but Johnson died before he arrived. Johnson was chief engineer of the mine.

A great conference of Baptists from every quarter of the world, representing nearly 6,000,000 communicants, was formally opened in the Metropolitan Tabernacle, London. America is represented by several hundred delegates and large delegations are also on hand from the West Indies, China, New Zealand, South Africa, Australia, France, Italy, Germany, the Netherlands, Sweden, Russia and other parts of the world. It is the first time that the world's Baptists have assembled as a united body. More than a century ago such a project was mooted, but the great continental wars caused the matter to be dropped. A little over a decade ago the idea was revived but it was not until last year that definite plans were laid for the conference. The response from Baptists in all parts of the world has been such as to surprise even the most sanguine promoters of the movement.

Winnipeg Tribune: For the past few months preparations were suitably being made for a gigantic block to be built in this city, the building alone to cost \$1,000,000. A was to have been located, and a huge company capitalised at \$5,000,000, arcade, with a magnificent theatre above it, was to be the outcome. Rough plans were prepared, and the structure was to have surpassed anything of its kind in Canada. Apart from the cost of the building, the site would have figured at several thousand dollars a foot, being situated on the busiest portion of Main

street, but the owner of the property on which is one of the largest stores in the city, refused to sell out and consequently the deal collapsed.

In the great Christian Endeavor convention at Baltimore, Md., banners and pennants were presented. Among the unions and provinces rewarded for an increase of ten per cent were Manitoba, Alberta and Winnipeg. R. T. Taylor, Manitoba's representative, received the banners for the western provinces, and E. L. Carter of Winnipeg, for the Winnipeg union. Great enthusiasm was displayed as the western Canadians went forward to receive the banners, and all the Canadians present united in a great cheer. The vast audience then sang "There's a Royal Banner Given for Display."

NOTICE
Board of Railway Commissioners for Canada

The Board of Railway Commissioners for Canada will hold sitting as follows:—

At Port William, Ont., on the 7th day of September, 1905.
At Winnipeg, Man., on the 11th day of September, 1905.

At New Westminster, B.C., on the 19th day of September, 1905.

Notice of the specific places and hours of sitting at these points will be given later.

The Board will not sit at other points in Western Canada, unless for the purpose of hearing complaints, which shall have been formally made to it in writing, and duly served upon railway companies, or other parties interested, in sufficient time to have become ripe for hearing under the General Rules of the Board.

Attention is called to the following provisions of the Act:—

"Every proceeding before the Board under this Act shall be commenced by an application made to it, which shall be in writing and signed by the applicant or his solicitor; or by the case of a corporate body or company being the applicants shall be signed by their manager, secretary or solicitor. It shall contain a clear and concise statement of the facts, the grounds of application, the section of the Act under which the same is made, and the nature of the order applied for, or the relief or remedy to which the applicant claims to be entitled. It shall be divided into paragraphs, each of which, as nearly as possible, shall be confined to a distinct portion of the subject, and every paragraph shall be numbered consecutively. It shall be endorsed with the name and address of the applicant, or if there be a solicitor acting for him in the matter, the name and address of such solicitor.

"The application so written and signed as aforesaid, shall be left with, or mailed to the Secretary of the Board, together with a copy of any document, or copies of any maps, plans, profiles, and books of reference as required under the provisions of the Act, or referred to therein, or which may be useful in explaining or supporting the same."

"The complainant must have the application served on the opposite party, who is allowed ten days from service of the application to answer it, and the applicant is allowed four days from the receipt of the answer to reply to it. Ten days notice of hearing must be given, unless for special reasons the Board shall order otherwise."

Dated at Ottawa this 22nd day of June, 1905.

A. D. CARTWRIGHT,

The Edmonton Furniture Co

NAMAYO AVE. NEAR CORNER JASPER.

People in the neighborhood of Calgary and Edmonton who are
in need of a

Cooking Range, Heater, Wood Cook Stove,
or Warm-air Furnace

will do well by seeing the line of goods manufactured by the Guelph Foundry Co. at Guelph, Ont., and for sale at the Warehouses of
THE McDONALD SIMPSON CO., Calgary.

This firm will have complete control of the sale of the famous Grand and New Idea Cooking Ranges, which are fitted with duplex grates, to burn soft or hard coal and wood. The New Idea Hot Blast Heater, just the thing for front hall, dining room, parlor or sitting room. The New Idea Wood Cook with large oven, the celebrated Kelly Furnace, for burning hard or soft coal and wood, made in four sizes to suit size of house.

Nothing worries the house-wife who possesses a GRAND IDEA RANGE. She knows that this range can be relied upon to do its work perfectly.

No poor results from baking. No big drain on the coal bin. No getting up in the morning to find the fire out.

GRAND IDEA RANGES are made in four sizes and sixteen styles. They are beautifully nickled and are built to satisfy, burning hard or soft coal and wood.

"BUY THE GRAND IDEA RANGE" "THE RANGE THAT NEVER FAILS."

WINNIPEG TORNADO

FOUR KILLED IN THE NIGHT

Terrific Windstorm Blew Down Buildings and Chimneys—Old Hoover Block Collapsed and Ruined Adjoining Structure.

Winnipeg, July 15.—At least four are dead and many more are injured as the result of a disastrous tornado that struck Winnipeg shortly after midnight. The furious storm lapped up everything in its path, flinging pedestrians to the ground, tying up the car service, tearing down chimneys, flinging up frame buildings in the course of erection, but nowhere did it expend its violence to such relentless purpose as at the corner of Rupert and Louise streets, where it struck the old Hoover block, greatly weakened by the gutting fire of last winter, but since converted into a labor temple for the service of the various union organizations in the city. These high brick walls, weakened by their battle against the fire fiend were in no condition to withstand the assaults of the hurricane and the west wall gave way almost as soon as it felt the force of the tornado, nearly half of it giving way in solid mass and falling down in the defenceless frame building resting under its wing. From other parts of the city reports come in more slowly, but it is known that considerable damage has been done particularly in the north end, while throughout the city plate glass windows have been blown in, signs blown down, and the general air today is of a town that has gone through a siege and sack. In all her history of many vicissitudes, the gateway of the west was never before visited by such a terrific and destructive gale and today the whole city will mourn her folk stricken in the night without warning and denied even a chance to battle for their lives. It is to be hoped that the tornado was local and not general, and that the public escaped the damage that visited the city, leaving the grain standing and crop prospects untarnished.

PIANO RECITAL.

It is a difficult matter to find words that will adequately express the feeling of intense satisfaction at the playing of Mr. J. D. A. Tripp, the eminent Canadian pianist. All that was heard previously does him but scant justice. Mr. Tripp is above all things an artist. His execution and technique are immense, but the beauty of his playing is in his masterly interpretation and conception of the composer's ideas.

All of the numbers were good, but the numbers which impressed the widest mass were the Beethoven "Andante favori" in F, the tucstenon "Bacchante" in F, minor and the Moszkowski "Valse in G." There was an individuality of conception, an exquisite shaping quality, throughout that made them altogether delightful. In the "Polemische Suite," Chopin, there was great breadth and firmness of touch and tone, and ornamentation of execution, and in the dainty Chopin "Etude" in F, minor, there was a delicacy of touch in the beautiful pianissimo runs that was marvellously in the extreme.

Miss Helen Kirby Ferguson, the contralto is a dainty little lady of good stage presence with a suavity of voice tone and range and is a decidedly pleasing singer. "A Memory," Pava, is an exquisite song which Miss Ferguson sang most delightfully. "Autumn Gaze," Grieg, was also well sung with splendid interpretation. There is undoubtedly a good future before Miss Ferguson.

Mr. F. J. Richardson, the violinist, is to be a resident here. He is a decided acquisition to our steadily growing musical circle. Mr. Richardson joins forces with Clarke's orchestra. He plays the violin with great spirit and dash, has a splendid execution and bows firmly and well and is undoubtedly a very highly trained musician. The "Cercuse," Godard, and "Dance Alla Zingaresca," Henri Ernst, while no heavy numbers, were given splendid treatment. Mr. Richardson will probably be heard in some of the great sonatas for violin and piano, and is undoubtedly capable of playing these with the breadth and brilliance they require. The singing of the choir under the direction of J. Hanby was marked by firmness of attack and smooth, even tone that was most enjoyable.

What must have impressed the attentive attention of the audience throughout the whole program. Every number was listened to with intense interest and encores were demanded for almost every number. Those having the recital in charge

Sunlight Soap

is guaranteed perfectly pure, genuine, and free from adulteration—all dealers are authorized to return purchase money to anyone finding cause for complaint. Therefore you lose nothing by trying Sunlight Soap and you will agree with millions of other women that the Sunlight way is the only way to wash clothes.

Lever Brothers Limited Toronto

have set a very good example in closing the doors during the performance of every number so that the audience were not annoyed by late arrivals coming in noisily during a selection.

MISCELLANEOUS

NOTICE

Public notice is hereby given that a meeting of the electors of the St. Joachim Roman Catholic Separate School District No. 7, of the North West Territories, will be held in the City Hall, Edmonton on Thursday, the 20th day of July, 1905, from 11 a.m. until noon, for the purpose of nominating candidates for the office of School Trustee, to fill the vacancy occasioned by the retirement of Mr. N. D. Beck, for the remainder of the term for which he was elected. Given under my hand at Edmonton, this 12th day of July, 1905. Geo. J. Kinnaid, returning officer.

Money By-Laws

Continued from page one.

purchase of land for street purposes from the Alberta College, loan for a period of ten years. By-law No. 29, is to provide for the raising of \$5,500 to alter, repair and enlarge the fire hall and provide new chemical engine and hose wagon. Amount payable in ten years.

On motion the rules were suspended to allow of these by-laws being read a third time. It was decided to fix the date for voting on these by-laws for August 14th. By-laws number twenty-three, twenty-four and twenty-five were then given their third readings and provisionally passed. When by-law number twenty-six came up a rather peculiar situation arose. It is the by-law to grant exemption from taxation to the Alberta Milling Company. The council had sometime ago authorized the mayor and secretary to sign an agreement on behalf of the city to submit an exemption by-law to the rate payers, but when the by-law came up for its third reading Aldermen Beilamy, Clark and Picard voted against it leaving only Aldermen May and Fraser in favor of it, thus defeating the by-law. The mayor and city solicitor explained that the council had covenanted to have the by-law submitted and that the proper place, for those opposed, to defeat it was at the polls. The absence of Aldermen McLeod and Griesbach, who supported the agreement; and the presence, last evening, of Ald. Beilamy who was absent when the agreement was

made, brought about this peculiar state of affairs. All three aldermen declared their opposition to any exemption from taxation and refused to withdraw their opposition, so the council proceeded to give by-laws number twenty-seven, twenty-eight and twenty-nine their third reading and then decided to hold an adjourned meeting of the council on Monday evening to further deal with the exemption by-law for the Milling Company.

The Balance Wheel

Look inside your watch a moment! The balance wheel is making 18,000 vibrations an hour; if its in good condition. It will move 3,558 miles in a year and requires less than one tenth of a drop of oil to make it run. But it needs that little badly. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

The Fight Is On

[Calgary Alberta]
There is nothing to be gained by the Conservatives in attempting to longer decide the electors about the manner of fighting in the coming election.

The Liberals of Alberta have announced a convention to be held in Calgary early in August. Though the purpose of this meeting is not mentioned in the notices which have been sent out, yet the general surmise is that preparation will be made for the organization of the province for the coming election.

But the Liberals are not forcing the hands of the Conservative party to any great extent, for that is not necessary. The Conservative party decided upon party politics for the Territories at the Moose Jaw convention. During the last few months the Conservatives of this part of the province have been disposed to fight the party battle under the name of "non-partisans," but the Conservatives of the north are not so timid.

The Conservatives of Edmonton, at a meeting a couple of days ago, brought out a candidate who is running as a straight Conservative, backed up by the Conservative organization of Edmonton. More than this, they are making preparations for a Conservative convention which will be held in Red Deer at an early date.

That means war. That means a party fight with both parties in the game, and no person asking for quarter. The non-partisan is a dead issue now and the cause of its decrease is that it was never sincerely proposed.

There is to be a party fight, and we must all recognize the fight as a party fight.

CRICKET GAMES SCHEDULED.

The following cricket games have been arranged:

- July 15—"Strathcona, away.

"Cup Games.

The News in Brief.

It is understood that Prince Denmark will be willing to accept the crown of Norway, if King Christian and the Danish government consent.

The selection of tobacco takes time and great care—the conditions of its growth, the soil, the planting, and the cultivation, must all be considered.

I have studied tobacco from the seed to the cigar. I have a thorough knowledge of the qualities grown on the different plantations in the Manicragua district of Cuba, where the best tobaccos are produced. It is from the best of these plantations that I buy the filler of my

Pharaoh Cigar.

I was the first manufacturer in Canada to use Manicragua tobacco. It proved such a winner that the tobacco agents in New York sell thousands of tales of tobacco under that name that was never within one hundred miles of the district.

I visit these plantations every season, and personally select the tobacco I buy. The growers there call me a tobacco crank because I am so careful and particular in the selection of my tobacco. I would rather be thought a crank than jeopardize the quality of my Pharaoh cigar.

I know that every time you smoke a Pharaoh cigar you will thank me for being a tobacco crank—that is full recompense for my trouble and care.

None genuine unless branded "Pharaoh"

Price 10 cents.

J. BRUCE PAYNE, Limited, Canada, P.Q.

J. B. MERCER, AGENT

Some members of the royal family are in favor of him accepting the throne, but King Christian is believed to be opposed to it.

The Commissioner of Immigration at Winnipeg has ordered the deportation of three London Jews, one Englishman and one English woman, all physically unfit and liable to become public charges. This is in accordance with the policy of the department rejecting immigrants who for any reason appear undesirable. The woman has evinced many symptoms of insanity.

The acceptance of France of the invitation to take part in the international conference on Morocco was despatched by special messenger to the Sultan. The messenger is expected to arrive at Fez on July 19. The successful termination of the Franco-German negotiations continue to be widely discussed. The tone of the press is universally favorable. Even the most bitter enemies of the government expressed satisfaction at the fact that the controversy is closed.

The Brazilian government has planned to increase its present navy. Three first-class battleships, three armored cruisers, torpedo boats and torpedo boat destroyers, as well as three Holland submarine boats are to be built, the construction running over three terms of three years each, the program calling for the last ship to be finished in 1913. The William Cramp & Sons Ship and Engine Building Company, it is understood, has been invited by the Brazilian Minister of Marine to furnish bids for the construction of the three battleships. Estimates will be made upon the specifications and submitted without delay, as the contracts will be awarded the latter part of this month.

Dr. Roy.

Dr. Roy, who has been in New York for the last two months wishes to let his clients know that he will be in his office for consultation as before, from 2 to 5 every day. Specialties: Surgery and Diseases of the Eye, Ear, Nose and Throat. Dr. Roy's private residence for some time will be at Mrs. Harrison Young's on Fifth street. Telephone: Office, 88; Residence, 188.

Farmers' and Threshers' Supplies

in the West, and the prices are always the best going.

We consider it a pleasure to answer all enquiries both as to the goods and prices.

Ross Bros. Ltd.

CUSHING'S FACTORY**A PROGRESSIVE ENTERPRISE.**

Description of the Large Sash and Door Factory on Nainoa Avenue and the Work Done There.

To get an idea of the building operations going on in and around Edmonton a visit to Cushing Bros. Co.'s mill is necessary. There will be found a staff of sixty-five men engaged in an effort to keep up the visible supply of sash doors and other house furnishings for the building trades. Their mill is a two-story building 78x85 feet and fitted with the most up-to-date machinery for turning raw material into the shape of lumber, into the finished article.

This firm is continually installing new machinery, the latest addition being a 44 inch surface sander for polishing panel doors and other finished articles. Besides the machine there are on the first floor, two turning lathes an endless bed surface planer, that will smooth a piece of timber ten inches square. A four sided sticker, a cut off saw and a power feed rip saw.

Upstairs is to be found the sash and door plant consisting of band saws, gig saws, planer and matcher, boring machines, stickers, sash machines, morticer, dado saw and machine, shaper, pony surface planer and other machinery required for this work. The glue room is also on this floor, and some very fine pieces of work are turned out. One sample of handsome design is a colonnade for the residence of Mr. J. I. Mills. It is of quarter cut oak and when erected will be a beautiful piece of work.

The shavings from all the machines are carried away by exhaust pipes and conducted to the furnace room where they are fed to the fires that drive the 50 horse power Corlies engine that gives motive power to the factory. A large dry kiln is beside the boiler room with capacity for 10,000 feet of lumber.

In another building is the glazing room. Here windows and doors are fitted with glass ready to place in buildings. The glass stock room is on the wholesale scale. Here a large stock of plain, colored and ornamental glass and beaded lights are kept on hand. The size of their stock of glass can be estimated by the fact that they recently received a car load of glass alone. They also keep on hand all kinds of building and roofing papers, lime, hard finish plaster, lath, shingles, and almost everything required by the building trades. Above the glazing room is the oiling and varnishing room.

The company has extensive warehouses. One large building is filled with sash and doors, screen doors, scroll work, and other manufactured articles. An extensive B.C. lumber shed occupies another part of the ground, filled with dressed lumber, base boards, flooring and other matched stuff of B.C. fir and cedar. They have also a large stock of B. C. cedar shingles on hand.

The firm manufacture bar-room and barber fixtures, and some of very handsome design and workmanship have been turned out. They are using quite a quantity of quarter cut oak, which is brought here from Minneapolis.

At present the company is working on orders for the finishing and other material for the Strathcona school, the addition to Alberta College, McKay Avenue School, the Empire block, the new Baptist church and Grace Methodist church.

The most of the lumber used is fir and cedar but they are handling considerable native spruce as well. This foreman, Mr. George Parnell, showed the Bulletin man over the plant and talks like a man who thoroughly understands his business. The firm provide their own electric light by a 100 light dynamo.

The firm of Cushing Bros. Co., Limited have three factories one each in Regina, Calgary and the city. This factory is the second largest of the three. It is under the direct management of Mr. A. T. Cushing, who is one of the city's most enterprising young men. At present he is vice president of the board of trade and served a term in the town council. In these and other capacities he has contributed not a little to the progressive business success of Edmonton.

AN A1 INVESTMENT

An Adv. in the "BULLETIN."

LOCAL

—The case of Wm. Barnes for non-support of wife comes up for hearing in the police court this afternoon at 2 o'clock.

—"The Only Satisfying Portion" will be the subject of Pastor McDonald's address on Sunday evening at the Baptist church.

—The Peerless Entertainment Co. of New York, who are to play in the skating rink, Monday evening, will play in Stratheona tonight.

—Water seems to be coming through the walls in the lock-up under the fire hall and is laying in pools on the floor of the corridors.

—An inch of rainfall represents 113 tons of water per acre. This is the amount calculated to have fallen from Thursday noon to Friday noon of this week.

—There were nine hundred and four entries in the Land Office for the Battleford district during June. This is the largest in the record of the Land Office.

—Three drunks at \$5 each occupied the attention of the police court this morning. Mary McCauley, arrested for theft on information wired from Calgary, was remanded until Monday, pending the arrival of the evidence against her.

—Alderman Bellamy returned yesterday from a business trip to Fort Saskatchewan. He says the road from here to the Fort never was in worse condition than at present. The recent heavy rains caused an immense amount of mud to be worked up.

—The new pound bylaw comes into force today and the chief of police has instructions to see that it is properly enforced. All animals found running at large will be promptly impounded, so the public interested had better take warning in good time, else they may have to pay the poundkeeper later on.

—The dairy bylaw comes into force tomorrow, under which a proper system for the inspection of milk and dairy farms is being established. The object of this law is to protect the city against impure milk and an effort will be made to see that its provisions are carefully complied with by the milk vendors of the city.

—Regina Leader: In announcing the release from jail of Mr. J. A. Bangs about two weeks ago the Leader stated that the pardon granted him was conditional upon his immediate departure from Canada. This statement was an error. The pardon granted Mr. Bangs had no conditions whatever attached to it and he was free to remain in Canada or leave it as he saw fit.

—At St. Joachim's church tomorrow, Rev. Father McDonald will say the 8 o'clock mass and Rev. Father Jan will officiate at 10:30 a.m. The morning action will be given by Rev. Father Hetu. Rev. Father Kulawy, of Coleman, Alta., will preach in English at Vespers. Immediately after benediction a meeting of the young men of the parish will be held in the old church.

—Regina Standard: E. D. McCallum, of the firm of McCallum, Hill & Co., has recently returned from an extended trip through the north country. He drove from Battleford to Lloydminster, and thence up to Vermilion. Mr. McCallum reports everything booming up in that country and the opening up of much fine land by the advent of the C. N. R. This line will have rails laid into Lloydminster within two weeks, and, at the present rate of going, will have reached Edmonton by the fall.

—Fort Saskatchewan Reporter: The thunderstorm which passed over the Fort and vicinity on Sunday afternoon was one of the most violent experienced for many years. The lightning was very vivid, and the rain fell in torrents. The only instance of any object being struck which has been reported, is the farm house of Mr. Gieson, near Edmonton, where the electric fluid passed down the chimney, through the stove pipe into the room and through the floor without doing any damage to any member of the family, all of whom were seated at tea, and at the farm of Mr. Fow. Good Hope, the lightning struck the clothes post just outside the house, running along the metal wire suspended between them. The return shock passed into the room of the house and Mrs. David Simpson received a severe shock, causing her to fall and to lose the use for a time of one side. That no other person was affected is due, it is surmised, to the fact that she was wearing rubber boots, which, acting as an insulator, prevented the escape of the electricity into the ground.

DODGE'S

HYGENIC BREAD.

—On Wednesday afternoon in the presence of quite a gathering of citizens, Mayor Davies, of Stratheona, turned the first sod in Dietz & Main's contract for laying the water and sewer pipes. His Worship made a brief speech appropriate to the occasion and after Photographer Hight had photographed the event with his camera, the crowd dispersed and the shovel corps set to work in earnest and is proceeding rapidly.

—Mr. R. A. F. McDonald formerly a partner in "The Plaindealer Co." is at present home on a visit to his parents at Leduc. Mr. McDonald has just completed a course of study in the normal college at Hamilton, Ontario. He was the happy recipient this week of the announcement of having passed his examinations successfully. In his university course he specialized in classics and has just accepted a position as classical master at Woodstock College, whither he will go to begin his duties in September.

—The German Lutheran Congregation of Stratheona will celebrate its anniversary tomorrow. The pastor of the church, Rev. M. Rucelus, will preach in the morning, and Rev. F. Bradlow, of Watsagwin, in the evening. In connection with the anniversary there will be on Monday in the afternoon a picnic of the Sunday school and in the evening, beginning at 2 o'clock an open air social on the lawn near the church. Short speeches will be delivered in English and German. The church band will be in attendance. All the friends of the congregation are cordially invited.
